Raffle Prizes

...and a whole lotta fun!!!

"We are so grateful to everyone who loves this little boy and for your help in giving him the best shot at life!" - The Pattersons

Learn more about Gunner and his condition on the reverse side of this flyer

***Gunner Patterson* was born June 10th, 2020
with a rare brain disorder called Lissencephaly.**

Gunner's condition is more commonly known as 'smooth brain' disorder and is a rare gene-linked brain malformation characterized by the absence of normal convolutions (folds) in the cerebral cortex. Difficulty swallowing, muscle spasms, severe mental and physical challenges, and seizures are realities Gunner deals with daily.

There is no way to directly reverse the effects of lissencephaly or cure the condition, but there is much that can be done to ensure the best quality of life for Gunner.

Current Treatments for Gunner include:

Physical therapy to improve range of motion and help with muscle contractures

Occupational therapy

Seizure control with anticonvulsants

Preventive medical care, including careful respiratory care

Mobility assistance (Wheelchair)

As the church prayed for and comforted the Patterson Family over the past year, we knew we couldn't do a thing about Gunner's diagnosis, but we could do something about all the medical costs that were mounting up! Financial strain is the last worry they need!

We hope you can join in the fun in one way or another, either by registering as a participant or helping us spread the word about the event. Because when we come together as a community of love, miraculous things happen, God bless you all.

If you can't be here on the event day, you can still show your support by registering as a *Virtual Runner*. Every Virtual Runner will have a pinwheel placed on the front knoll of the church, right where the Fun-Run begins, so that the Patterson family will know just how many people have reached out in support of their family.

Event Registration for participants: www.clccdoc.org/gunner

In Christ's Love,
